has worked for Cove Cay. ”

- Pat Shriver, Owner
Cove Cay Golf Club

Awesome purchasing power, impressive savings

Operating your golf course requires a constant flow of goods and services to keep things running. From breads to brats and everything in between, the Ride group purchasing program will lower your expenses and help you grow the bottom line.

Features

Go big ... and save big too

Ride helps course operators save big by leveraging the buying power of Comcast and Premier, the industry-leading supply chain management group. Premier's partnership with US Foods opens up a network of more than 60 distribution centers nationwide, ensuring that your next order is never too far away.

Shopping made simple

US Foods' online ordering technology, complete with delivery tracking, business analytics and a Menu Profit Builder, gives you the ability to order 24/7. And with more than 220 (and counting) national brand programs in place, you'll save on over 55,000 different food and paper products.

Painless payments

Flexible payment terms as well as special buying programs and promotions make it simple to manage your operational costs. Earn an additional 1-2% with a new customer incentive, plus take advantage of additional rebates on drop-size, payment terms and other specific purchase types to expand your savings potential.

Sign and save

Ready to start spending less on F&B? Simply sign a letter of participation, and we'll get you set up in just a few weeks. Take full advantage of the Ride Group Purchasing Program today, and start saving as early as your first order.

Find your solution

Ride is only one of the many business solutions we offer course partners.
