## Exclusive opportunities, enhanced exposure

The Premium Marketing Program (PMP) combines marketing tools and messaging outlets that would likely be cost prohibitive if purchased separately. Instead of investing in these media on your own, GolfNow packages them and gives your course a unified, consistent and powerful brand identity to help attract more golfers.

### Features

#### First find

GolfNow’s search-driven enhancements include exposing premium marketing partners where golfers book their rounds. Optimum placement at the top of desktop and app search results, appearing as an organic find, drives increased exposure and tee time sales.

#### Revenue at a click

Exclusive digital ads, customized for your course, run on local travel sites and destination pages. One click takes golfers directly to your tee times, providing a direct path to your business as well as providing lead generation for travelers looking to stay and play your course.

#### Hit “send”

Put your business up front with placement in local and national email campaigns, including *Featured Course* messages and *Book Early* promotions sent weekly by GolfNow. Get the word out using GolfNow’s database and make something good happen.

#### Must-play destinations

When golfers travel to play, make sure yours is on their itineraries via placement on the Golf Advisor Stay & Play page. Offer attractive golf-only packages or combine tee times and accommodations to put your course among the attractions that can’t be missed.
